**25TH INTELLIGENCE SQUADRON**

---

**1. Mission.** The 25th Intelligence Squadron (25 IS) provides timely, multisource, integrated intelligence services, products, and resources to the 16th Special Operations Wing (16 SOW). Additionally, advises HQ Air Force Special Operations Command (AFSOC) commander (AFSOC/CC) and staff on Air Intelligence Agency (AIA) capabilities and the means to incorporate them into AFSOC missions. These capabilities include but are not limited to interrelated areas of intelligence, information warfare, securities, electronic combat, and foreign weapons and technology.

**2. Command.** The 25 IS Commander:

2.1. Is under operational control (OPCON) of the AFSOC/CC and directly supports tactical operations for the 16 SOW, Hurlburt Field, FL.

2.2. Falls under the 67th Intelligence Group, Kelly Air Force Base, TX for administrative purposes.

**3. Responsibilities.** The 25 IS:

3.1. Functions as the primary focal point for 16 SOW on all AIA intelligence support requests and intended deployment and employment actions within their theater of operations.

3.2. Assists the Director of Intelligence (AFSOC/IN) on AIA intelligence-based requests and intended deployment and employment actions and requirements.

3.3. Advises AFSOC/CC and staff on AIA capabilities and the means to incorporate them into AFSOC missions.

3.4. Provides intelligence support to the Director of Operations (AFSOC/DO) and 16 SOW for special operations mission planning and tactics development.

3.5. Trains and deploys aircrew members to participate in 16 SOW tactical operations on AFSOC aircraft in accordance with all applicable AFSOC aircrew regulations and instructions.

3.6. Provides technical assistance to HQ AFSOC and 16 SOW for maintenance, installation, and modification of equipment and systems used on AFSOC aircraft by 25 IS aircrew members in accordance with the Silent Shield Integrated Logistics Support Plan (ILSP).

3.7. Coordinates with the 67th Intelligence Wing (67 IW) on shortfalls fulfilling stated 16 SOW requirements.

MORGAN M. BECK  
Director of Plans and Requirements
